☎ +91 9448768611 | ✉ devmdismail@gmail.com | github.com/sinismail | linkedin.com/in/devmdismail | Mysore, Karnataka

SKILLS

- **Languages**

Python, JavaScript, TypeScript, Java, C

- **Frontend & Mobile**

React JS, React Native (Expo), HTML5, CSS3

- **Databases**

MongoDB, Supabase, SQL

- **Tools & Platforms**

Git, GitHub, VS Code, Microsoft Office

EDUCATION

- **Bachelor of Vocational (B.Voc)**

JSS College of Arts, Science and Commerce, Mysore
2026 (Expected) | CGPA: 7.5

- **Pre-University Course (PUC)**

Government Boys College of Mudigere
2023

CERTIFICATIONS

- Google Cloud Associate Cloud Engineer Certification

- Mastering Test Automation with Playwright and TypeScript

- Predictive Modeling with Python

SUMMARY

Motivated software developer focused on building modern web and mobile applications using React, React Native, TypeScript, and Python. Experienced in developing AI-powered tools, privacy-focused applications, and data visualization platforms. Passionate about solving real-world problems through clean code, scalable architecture, and intelligent systems.

PROJECTS

Food Scanner App

React Native Mobile Application

AI-powered mobile application that scans product barcodes and analyzes food quality using FSSAI and WHO standards. Provides AI-generated nutritional insights, product ratings, and detailed analysis.

- Implemented barcode scanning and product lookup
- Integrated AI for nutrition analysis and product rating
- Delivered clean and intuitive mobile user experience

Tech Stack: React Native, Expo, Nvidia AI, Supabase

FinSight – AI Financial Statement Analyzer

Web Application

Privacy-focused application for analyzing PDF and CSV bank statements. Provides interactive spending visualization and AI-generated financial insights using local AI processing and advanced categorization.

- Parse and extract data from PDF and CSV statements
- Visualize income, expenses, categories, and trends
- AI-powered insights and transaction categorization
- Ensured user privacy with secure local data handling

Tech Stack: React, TypeScript, Python, Data Visualization
